

**Board of Health Meeting - Tuesday, July 12, 2016 7:00 p.m.**  
116 Main Road, Tyringham

Board members present - James Consolati, Christopher Johnson, Matthew Puntin.  
Others present - Molly Curtin-Schaefer. See attached list.

The mail was read, previous minutes were approved. The Pledge of Alligance was recited.

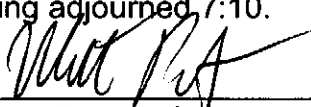

**PUBLIC COMMENT:**

Mark Curtin asked if there was any progress concerning Ashuntully and the Board of Health review.

**CONSULTING PROPOSAL:** Jim Wilusz submitted a proposal to consult the Board of Health on three items - Town Pool, Ashuntully and Nina Campus/Residential Kitchen Certification. Matthew Puntin made a motion to accept the proposal of \$1,500.00 for the 3 projects. James Consolati, seconded, no opposition.

**COMPOSTING TOILET:** A discussion about composting toilets ensued. Matthew Puntin stated they are approved in Massachusetts. He further stated if a composting toilet was used in a "tiny house" the "grey water" still has to be discarded under title 5 regulations.

Meeting adjourned 7:10.

**Subject:** Re: Tyringham

Matt,

After listening to the projects and what I know as of today, this is what I can offer the town. For \$1,500.00, plus whatever travel expenses I incur under the federal rate, I can provide services to the town for the months of July and August and I feel pretty confident I can square away the kitchen and the Trustees. Also want to remind you I am on vacation July 23-Aug 7th but I can make sure things are on track.

I will work directly with both places and get them in compliance and give the town recommendations on how to stay within compliance and any other recommendations that you need going forward. The pond is a bit tricky as that may take up a lot of time to sort out. Longer than August. However, what I can for the town within those two months is conduct a sanitary survey, explore what is going on, work with town officials and explore options. I can then work on some recommendations for next year. Since labor day is the end of the testing season, we may need to spend more time in the off season or early spring to figure out where to go.

If the other projects, consultations or phone calls go well beyond August we can then communicate on what works best for both parties but I feel that at last those two I can get the town squared away. There is always a chance of any project being bigger but I won't do anything more past August or outside of this scope without the town being aware and then gameplan.

I would ask that I be appointed as an agent and be considered an employee where at least taxes and retirement be taken out. I can bill the town \$750 at the end of July and then again in August. Let me know if this works and then we can get going on taking care of your clients. Be well.
